

# The Park West Campus Education Fund

is working with our 3 schools and the PTA/PTOs to streamline our fundraising approach and maximize the dollars directly reaching our students. Because we didn't have to buy any products, each dollar of the \$70,000 we raised stayed in the schools.

Last year, through your generosity, we funded many important projects. These are just a few of them:

\$15,000 in Innovation Grants

Character Building programs

Music and Drama

Support for our great PTA/PTOs

Active-Based (motion) Learning programs

Reduced class size

Art and other Special Area Classes

School Technology
